

School Law & Liability

What every SRO & administrator must know

Training Overview:

This lecture based 1-day symposium is specifically designed for the law enforcement officer, supervisors or school administrators assigned to the educational setting. This course will provide an analysis of the law as it relates to law enforcement and school administration operating in an educational environment.

Topics to Be Covered:

Upon completion of this course, students will be able to:

- Have a better understanding of the liability facing the law enforcement officer working in the educational setting
- Better understand search and seizure in the school setting including the searches of; lockers, computers, students, automobiles, as well as strip searches
- Better understand the law as it relates to special education students involved with school based law enforcement issues
- Contrast and compare the differences between criminal acts and violations of school conduct code
- Better identify potential liability as it relates to bomb threats and evacuation protocols
- Better understand a school's liability as it relates to claims against failing to protect students and/or staff
